DAYS 1-56 PRODUCTS TO PERSONALIZE

Use the following questions as a guide to better understand why you or your customer needs these products. **RED** is needed, **BLUE** are optional add on's.

CORE HEALTH

Adult Multi Vitamin – Fills in nutritional gaps for optimal function and repair.

Omega 3 – Essential Omega-3 fatty acids assist the health of every cell in your body. Recommendations are 2000 + mg a day to increase tissue function and repair.

Probiotic – Healthy bacteria to improve breakdown and absorption. Increasingly important when needing to absorb nutrients for optimal energy and repairing of the body.

Liquid BioCell – Improves joint mobility, lubrication, health of cartilage, connective tissue, elasticity and hydration of skin, health of hair, nails, gums and eyes.

CoQ10 – Plays an important role in the body's health. Major organs like the kidneys, liver and heart utilize CoQ10 to generate energy. Unfortunately, the body's production of this nutrient begins to decline as it ages.

Digestive Enzymes – Optimal for digestion of high protein diets?

PERFORMANCE

Rush – Increases energy and strength

Recover – Reduces muscle inflammation, soreness and support lean muscle

Revitalize – Shown that adding minerals to your water during activity can increase your exercise output up to 30% for better performance and outcome of exercise.

Logic Creamer – Provides rapid, high-quality energy.

ADDED PROTEIN

Pure / Sustain – An option to eating food proteins.

- **Chocolate** - Whey based
- **Vanilla** - Plant based

ENERGY

GO or Logiq – Natural quick sources of energy and mental focus!
